

NWD604

ELECTRIC BED

NWD604

FEATURES AND HIGHLIGHTS

Technical parameters

External size (LxW)	2160x1080(±10mm)
Height adjustment	470-820mm(±10mm)
Mattress platform	1930x900mm
Back-rest adjustment	0-75° (±10°)
Knee-rest adjustment	0-55° (±10°)
Safe working load	200 kg

Technical configuration

<input checked="" type="checkbox"/> Linear motor	3pcs
<input checked="" type="checkbox"/> 5" hardshell castors	4pcs
<input checked="" type="checkbox"/> PP side rail extra height	1set
<input checked="" type="checkbox"/> PP bed ends with safe lock	1set
<input checked="" type="checkbox"/> Hand controller	1pc
<input checked="" type="checkbox"/> IV pole prevision	4pcs
<input checked="" type="checkbox"/> Drainage hook	2pcs
<input checked="" type="checkbox"/> Mattress holder	2pcs
<input checked="" type="checkbox"/> Manual CPR	

Design

Head and foot board can meet hospital requirements for infection control and enables daily disinfection

Plastic

Environmentally friendly plastic, non-toxic and odorless

Painting

The overall bed uses a series of processes: pickling, phosphating, washing, oxidation, automatic spraying line, using electrostatic spraying process, providing a bright color and strong attachment.

Welding

Aluminum alloy side rail, 6-staff, collapsed type with safe lock.

Electric Control System

Famous brand motor has passed UL medical certification, stable performance, and motor noise of 50dB.

Hand Controller

The hand controller equipped with a flexible spring cord, facilitating operation of bed in the optimal position and allowing the nurse to easily control all standard functions.

Platform

Bed surface width is 900mm, using four-piece bed platform, stamping forming platform, smooth surface no welding scar. With multi-air hole, it's breathable and has non-slip function. The surface has no welding scar, the back has steel reinforcement, adopts double support structure, prolongs the life of the bed, and the load-bearing capacity is 200KG.

Siderail

With angle indicator, beautiful appearance, easy to operate, durable, easy to clean, anti-pinch design, guardrail lifting using a damper device to control the speed and noise, can be hidden under the bed.

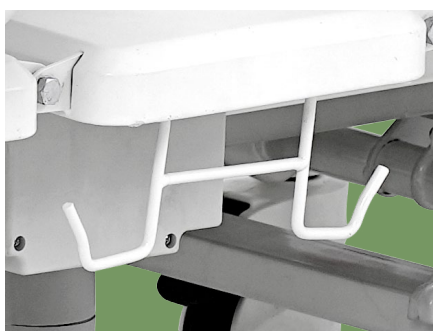

Head & Foot Board

Simple head and foot board, easy and quick disassembly. Foot board with name card.

Castors

Adopt diameter ≥ 125 mm silent hardshell castors, each caster with brake.

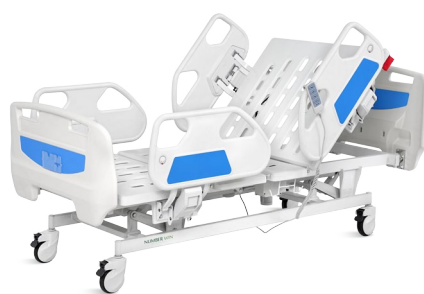

Drainage Hook

Drainage hooks on both sides of the bed.

Manual CPR

Equipped with manual CPR emergency.

NUMBER WIN

MEDICAL TECHNOLOGY

As the circumstance of printing, the photos might have minor difference on color, tactile from real products.
As the update of design and improvement, parameters and outlook of products might change, thanks for understanding.
